17th Annual SCMA Resident & Student Poster Presentation

2022 SCMA Annual Meeting

Purpose

To showcase South Carolina's Resident Physicians' and Medical Students' work in medical research and case studies by providing a forum for poster presentation and discussion.

Eligibility

A current resident physician, fellow or medical student in good standing at their South Carolina medical school or residency program may submit one abstract application for presentation.

The research submitted for inclusion in the poster presentation should have been conducted by the individual submitting the abstract. Abstracts should be written in a format similar to that used in scientific papers so that it may be cited in a curriculum vitae. Abstracts are eligible if they have been published or presented elsewhere. However, abstracts are not eligible if they are based upon full papers that have been published.

The application must be signed by your program director or your faculty research sponsor.

Abstract Guidelines

The submitted abstract should be aimed at scientific reviewers outside your discipline.

Title, typed in all caps, should be brief and clearly state the content of the poster. Presenting authors must list their name first and should then include names of the co-authors and also involved institutions, city and state.

Example:

CONTEMPORARY ISSUES IN PREGNANCY (AND OFFSPRING) IN THE CURRENT HIV ERA. Allison Ross Eckard, Stephanie E. Kirk, Nancy L. Hagood. Departments of Pediatrics and Medicine, Divisions of Infectious Diseases, Medical University of South Carolina, Charleston, South Carolina.

The abstract is a brief account of the background and rationale of the work, followed by a statement of the main conclusions. **Maximum of 300 words.** It should be organized as follows:

1. Purpose for the study
2. Statement of methods
3. Summary of results (adequate to support conclusion)
4. Conclusions and implications for future research

Poster

Poster size may be up to 4 ft x 5 ft. All posters should be set up in a designated location at the Spartanburg Marriott between 7:30 and 8:00 a.m. on Saturday, April 22, 2022. The poster session will finish at 11:00 a.m., whereby the posters must be taken down at that time. You should stand beside your poster at all times to answer questions.

Monetary prizes will be awarded to the top three posters. Winners will be announced at the Presidents' Gala and will be contacted by email. A physical address will be requested so the monetary prize can be mailed.

A complete submission includes application form, abstract form, and the release and disclosure form. Keep a copy for your records.

Please send your submission via email to rbrannon@scmedical.org or mail:

South Carolina Medical Association
Attn: Rebecca Brannon
PO Box 11188
Columbia, SC 29211

Submission Due Date: March 11, 2022

APPLICATION FORM

To ensure that your abstract is considered, complete all the information below.

First author is:

Medical Student Resident Fellow

If in the conduct of these studies, human or animal subjects were exposed to risks not required by their medical needs, the author affirms that the study was approved by an appropriate committee, or, if no such committee was available and informed consent was needed, it was obtained in accordance with the principles set forth in "The Institutional Guide to DHEW Policy on Protection of Human Subjects" and the "Guide for the Care and Use of Laboratory Animals," published by the NIH.

Submission Deadline: March 11, 2022

ABSTRACT FORM

Title: _____

Abstract text (maximum 300 words):

RELEASE AND DISCLOSURE FORM

I desire to submit my entry for consideration in the South Carolina Medical Association **Resident and Student Annual Poster Presentation**. I represent and warrant that my entry is original; it is my own work and not the work of any other person; it does not contravene the rights of any person; I own or control my entry and presentation material, and no one else has any rights in it.

I further agree as follows: I will not at any time assert any claim that the South Carolina Medical Association has unlawfully or improperly used my entry or any part thereof. Accordingly, I hereby release The South Carolina Medical Association from any and all liability and claims in connection with the entry, receipt, consideration, review, use or no-use in any subsequent or future South Carolina Medical Association advertisement or publishing, of the entry I am submitting.

I am of legal age and have read the foregoing and fully understand the contents thereof.
