# THE 177<sup>TH</sup> ANNUAL MEETING OF THE SOUTH CAROLINA MEDICAL ASSOCIATION

## EVENT HIGHLIGHTS

### WELCOME RECEPTION

We invite you to the SCMA Board of Trustees Meet & Greet honoring SCMA members, exhibitors, speakers, and guests! Exhibitors will be on-site to showcase their products and answer your questions.

### INAUGURATION CEREMONY

On Saturday evening, we will be inaugurating our 164th President of the South Carolina Medical Association, Henry Frederick Butehorn III, MD. Dr. Butehorn is an Otolaryngologist/Head and Neck Surgery physician from Spartanburg. Join us for the Inauguration Ceremony and Gala Awards Dinner and welcome Dr. Butehorn as President.

### GALA AWARDS DINNER

During the Gala Awards Dinner on Saturday evening, we will be honoring new President, Dr. Butehorn, along with new Alliance President, Mrs. Jennifer Britanisky. In addition, we will be presenting several awards. Join us to celebrate!

### EDUCATIONAL SESSIONS

We are excited to announce that this year's meeting will offer a variety of CME sessions on various hot topics in healthcare.

1:00 p.m. – 3:00 p.m.	SCMA Educational Session: Controlled Substance Training	Ballroom 3	2.0
			<b>10.5 Total</b>

### ABOUT CME CREDIT

The 2025 Scientific Assembly was designed for South Carolina physicians of all specialties. The South Carolina Medical Association reserves the right to modify speakers, topics, and learning objectives as needed.

The South Carolina Medical Association (SCMA) designates this live activity for a maximum of **10.5 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The South Carolina Medical Association is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The South Carolina Medical Association adheres to the ACCME standards regarding industry support of CME in disclosure of faculty and commercial support relationships. This information will be reported at each session.

To be compliant with the AMA’s “Physician’s Recognition Award and Credit System,” we require physicians to attest to the amount of time they are claiming credit – which should be commensurate with the extent of time they participate in a CME activity. To assure compliance, we now require all physicians attending or participating in an accredited CME activity, to complete the “contact information” portion of the evaluation and, specifically, sign where indicated on the evaluation.

# CONTINUING MEDICAL EDUCATION (CME) AGENDA

---

## SCMA EDUCATION SESSION: HOT TOPICS | FRIDAY, APRIL 25

9:00 a.m. – 11:00 a.m.

---

### **The Future of Healthcare Delivery in Rural South Carolina**

*Moderated by: Gabe Simpson, MD, SCMA CME Committee*

#### **The Future of Healthcare Delivery in Rural South Carolina – Primary Care**

Travis Novinger, MD, Palmetto Family Medicine

At the end of this session participants should be able to:

- Discuss current telehealth technologies and their effectiveness in rural healthcare
- Explore recruitment and retention strategies for rural primary care providers
- Discuss innovative approaches including: collaborative care models with specialists, loan forgiveness and incentive programs, international medical graduate recruitment strategies, community health worker support models

#### **Physician Leadership, Hospital Relationships, and the Importance of Both on the Care of our Communities**

Matthew Logan, MD, MHCM, President & CEO, Self Regional Healthcare

At the end of this session participants should be able to:

- Explore the financial challenges facing hospitals
- Discuss the impact of hospital closures on rural community health and local economies
- Discuss innovative models such as: hybrid care models combining inpatient and outpatient services, collaborative networks with larger health systems and payors, alternative funding mechanisms and grant opportunities

#### **Rural Obstetrics and Gynecology**

Katee Wyant, MD, Obstetrics-Gynecology, McLeod Women's Care Clarendon

At the end of this session participants should be able to:

- Discuss the current state of obstetric and gynecologic care in South Carolina
- Discuss the unique obstacles facing rural patients and clinicians in South Carolina
- Discuss how state legislation affects the ability of practices to recruit physicians in South Carolina

#### **The Future of Healthcare Delivery in Rural South Carolina – Healthcare Payors**

William "Tripp" Jennings Jr., MD, Innovation Officer and Vice President, BlueCross BlueShield of South Carolina

At the end of this session participants should be able to:

- Discuss the financial gaps created by current payment models and the impact on healthcare
- Explore potential solutions such as: value-based care models tailored to rural contexts, the impact of data sharing to support the delivery of care and increased efficiency
- Discuss policy recommendations for more affordable healthcare

11:00 a.m. – 12:00 p.m.

---

**SCMA Educational Session: SCMA Bioethics Committee**

Moderated by: Sewell Kahn, MD, Chair, SCMA Bioethics Committee

**AI in Burnout: Cause or Cure**

Sewell Kahn, MD, Chair, SCMA Bioethics Committee

At the end of this session participants should be able to:

- Discuss burnout in health care
- Discuss how the very process of the doctor patient relationship has influenced burnout
- Describe how the computer in general and electronic health record (EHR) specifically has contributed to burnout
- Explore the role Artificial Intelligence has in either decreasing burnout or making it worse

**Anchoring Contemporary Debate About the Ethics of AI and Big Data in a Historical Context**

George Khusf, Ph.D., Professor, Director, Center for Bioethics, University of South Carolina

At the end of this session participants should be able to:

- Understand how ethical challenges posed by AI and Big Data depend on visions of AI that shift over time
- Discuss how influential contributions to Evidence Based Medicine (EBM) and to Bioethics in the 1970's-1990's arose in response to challenges posed by AI and by new ways of storing, processing, and retrieving information
- Discuss the history of bioethics in ways that address contemporary ethical challenges posed by AI and Big Data

12:00 p.m. – 1:30 p.m.

---

**Past Presidents Lunch and Keynote Speaker - Dr. José Morey, MD**

**AI in Medicine and the New Age of Innovation**

José Morey, MD, CEO and Founder of Ad Astra Media LLC

At the end of this session participants should be able to:

- Understand the basics of machine learning and AI
- Define practical applications and FDA approved AI applications
- Understand how to remain innovative in this new technology renaissance

1:30 p.m. – 2:30 p.m.

---

**CONTINUED: SCMA Educational Session: SCMA Bioethics Committee**

**Personhood and Reproductive Health Care**

Joy Blanton Scurry, MD, Family Medicine, Amwell Medical Group Urgent Care and Nancy Zisk, JD, Professor of Law, Charleston School of Law

At the end of this session participants should be able to:

- Explore the limits of legislative bodies in healthcare decision making and the ramifications for the doctor patient relationship
- Describe the bioethical considerations of what it is to “regard responsibility to the patient as paramount” (Medical Ethics Principle VIII) when providing reproductive health care
- Explore the bioethical implications of being in “support of access to medical care for all people” (Medical Ethics Principle IX) when a patient presents with reproductive health care needs complicated by the social determinants of health

2:30 p.m. – 5:00 p.m.

---

### **SCMA Educational Session: The President's Session**

Moderated by: M. Mayes DuBose, MD, SCMA President

#### **Driving Healthcare Innovation: Building Collaborative Skills and Leadership for Physicians**

Rhodes Amaker, Co-Founder & Chief Executive Officer at Sylvan Health; Shane Grivich, Co-Founder and Chief Strategy Officer, ChartSpan; Nate Henderson, DO, Chief Medical Officer and Vice President of Clinical Quality, BlueCross BlueShield of South Carolina and Craig Kilgore, FCMPE, Chief Executive Officer, Coastal Vascular & Vein Center

At the end of this session participants should be able to:

- Gain insights into how physicians can actively contribute to innovation in healthcare while maintaining a focus on patient outcomes
- Learn practical strategies for improving communication and collaboration with non-physicians, such as technologists, administrators, and business leaders
- Recognize the value of interdisciplinary perspectives in driving healthcare innovation and how to integrate these effectively into clinical practice
- Identify common cultural, structural, and hierarchical challenges to collaboration and explore solutions for creating inclusive and equitable innovation environments
- Understand how physicians can develop business acumen and innovation-oriented mindsets through mentorship, formal education, and experiential learning
- Discover how physicians can partner with non-physicians to implement cutting-edge technologies, ensuring clinical relevance and operational feasibility
- Understand how the evolving healthcare landscape demands new skills and collaborative approaches from physicians, positioning them as leaders in innovation

#### **The Evolving Healthcare Landscape: Challenges, Trends, and the Concierge Medicine Opportunity**

Terry Bauer, Chief Executive Officer, Specialdocs Consultants

At the end of this session participants should be able to:

- Detail the current and future state of primary care in the US
- Review the trends and forecasts of physician independence vs. employment
- Outline the benefits of concierge medicine
- Understand the opportunities that exist to convert a practice, join a practice or acquire a practice

5:00 p.m. – 6:00 p.m.

---

**SCMA Poster Session** – Visit the student and resident posters during the welcome reception.

***Be sure to participate as a judge to receive your hour of CME.***

## **SATURDAY, APRIL 26**

1:00 p.m. – 3:00 p.m.

---

### **SCMA Educational Session: Controlled Substance Training**

#### **We Still Need to Talk About Pain Meds?: The Opioid Epidemic and Substance Use Disorder**

Kevin B. Walker, MD, FASA, Medical Director Division of Pain Medicine, Prisma Health

At the end of this session participants should be able to:

- Understand the impact of the opioid epidemic in South Carolina, the “WHY”
- Explain opioid stewardship and how it can improve a health system
- Discuss strategies on how to change your health system’s culture through education
- Open discussion of future opportunities

### KENZIE DELPOSEN

Kenzie Delposen is a researcher and 3rd year Ph.D. student in the Department of Psychology at the University of South Carolina. Her current work focuses on child and adolescent mental health and how it intersects with social media use. She has a background in clinical work with youth and families that she uses to influence and guide her program of research. She has goals to bolster emerging research and develop interventions around healthy, safe social media use in youth and adolescents.

### **ABSOLUTE TOTAL CARE**

Absolute Total Care offers health insurance programs that fit the unique needs of our members. Programs include Medicaid plan, Medicare-Medicaid Plan (MMP), Ambetter from Absolute Total Care and Wellcare Medicare.

### **ALLIANCE FOR A HEALTHIER SOUTH CAROLINA**

The Alliance for a Healthier South Carolina is a 501(c)(3) nonprofit uniting more than 60 diverse organizations across the state with a shared commitment to improving the health and well-being of all South Carolinians. With a strong focus on health equity, the Alliance aligns goals, metrics, and actions across institutions, organizations, and agencies at both the state and community levels. By actively bridging policy and practice, we connect and amplify existing and emerging equity-focused initiatives driving meaningful, systemic change for a healthier, more equitable South Carolina.

### **AMERICAN HEALTH IMAGING (AHI)**

American Health Imaging (AHI) delivers the precision diagnostic imaging you need to determine next steps in patient care. With 7 convenient locations throughout South Carolina, faster scanning MRI technology for a more comfortable patient experience, in-network coverage with 99% of major health insurance plans, and costs up to 60% less than hospital-based imaging MRI and CT exams, AHI makes imaging easy for you and your patients.

### **BLUECROSS BLUESHIELD SOUTH CAROLINA**

When you hear “BlueCross BlueShield of South Carolina,” you’ll see people nodding in recognition. Most everyone knows who we are. As the only South Carolina-owned and operated health insurance carrier, we have been offering security to Palmetto State citizens for more than 70 years. We are also one of South Carolina’s largest employers. We offer the largest provider networks in the state, offering members the greatest choice in doctors, hospitals and other health care providers. Our extensive menu of health plans, discounts, added values and online services means more choices for our members, with plans to fit every budget and lifestyle.

### **BLUE SOLUTIONS ADMINISTRATOR**

Blue Solutions Administrator (BSA) is the only South Carolina-based third-party benefits administrator (TPA). Offering the exceptional performance and savings of the BlueCard National Provider Network, BSA caters to the self-funded market by covering and serving employees who live anywhere in the country. Cantey Technology Consulting

### **CANTEY TECHNOLOGY CONSULTING**

Cantey Technology Consulting is a distinguished managed service provider with a dedicated focus on the healthcare sector. Our core expertise lies in partnering with medical practices to proficiently manage their technology infrastructure, deliver comprehensive IT support, and fortify their defenses against cyber threats. With extensive experience spanning numerous Electronic Health Record (EHR) and Practice Management (PM) vendors, we possess a nuanced understanding of the challenges faced by healthcare providers and practice administrators. At Cantey Technology Consulting, we take pride in our unwavering commitment to urgency, ensuring seamless integration of technology solutions that empower practices to deliver superior patient care. Operating across a broad geographical expanse encompassing South Carolina and neighboring states from Virginia to Florida, we are strategically positioned to serve healthcare entities with efficiency and excellence.

## 2025 SCMA ANNUAL MEETING

# EXHIBITORS

---

### **CAROLINAS MEDICAL GROUP MANAGEMENT ASSOCIATION (CAROLINAS MGMA)**

The Carolinas Medical Group Management Association (Carolinas MGMA) gives the professional administrator rich information and contacts for professional growth. Our mission is for the Carolinas MGMA to maximize the value and effectiveness of medical group leaders through educational programs, information exchange, networking, advocacy, and professional development opportunities. We represent the healthcare industry and medical practices across North and South Carolina. Our membership includes executives and managers of private group practices, academic medical centers, integrated delivery systems, and companies that support medical provider organizations. We are the leaders for tomorrow's healthcare.

### **CHUBB INSURANCE**

Chubb is a world leader in insurance. With operations in 54 countries and territories, Chubb provides commercial and personal property and casualty insurance, personal accident and supplemental health insurance, reinsurance and life insurance to a diverse group of clients. As an underwriting company, we assess, assume and manage risk with insight and discipline. We service and pay our claims fairly and promptly. We combine the precision of craftsmanship with decades of experience to conceive, craft and deliver the very best insurance coverage and service to individuals and families, and businesses of all sizes.

### **CONSTELLATION QUALITY HEALTH**

Headquartered in Raleigh, NC, Constellation Quality Health, formerly CCME, is a national health care quality consultant organization with more than 40 years as a QIO contractor. We provide quality improvement programs, clinical reviews, audit and technical services, and protection from financial fraud, waste, and abuse. Our team of credentialed consultants apply innovative technology, data analytics, and deep industry actionable insights and strategic guidance to improve system performance for better patient-centered, cost-effective care.

### **CURI**

Curi's physician-focused approach delivers the protection needed and attention deserved. From traditional MPL insurance to alt risk solutions, advisory to capital solutions, we're time-tested and trusted—in medicine, business, and life. [Curi.com](https://www.curi.com)

### **DEXCOM, INC.**

Dexcom, Inc. empowers people to take control of health through innovative biosensing technology. Founded in 1999, Dexcom has pioneered and set the standard in glucose biosensing for more than 25 years. Dexcom's portfolio of glucose biosensors are designed to address the needs of people with all types of diabetes and prediabetes. These biosensors provide users with powerful and personalized insights revealing how factors like food, exercise, medication, and sleep impact glucose and overall health. Dexcom biosensing technology has transformed how people manage diabetes and track their glucose, helping them feel more in control and live more confidently.

### **DOCTORS CARE, P.A.**

Since 1981, Doctors Care has provided convenient, quality urgent and family care services to patients across South Carolina. Staffed by experienced, dedicated, and passionate medical professionals, Doctors Care is committed to our patients' health and well-being. We are experts in urgent care, family care, corporate wellness, and occupational medicine. Our focus is on delivering exceptional care that is exceptionally convenient. We offer evening and weekend hours, walk-in services, onsite X-rays and labs, and innovative features like online check-in and Doctors Care Anywhere virtual urgent care where you can visit a provider on your mobile device from the comfort of home, office, or on the go.

### **EXPRESS SCRIPTS**

Express Scripts by Evernorth manages your prescription benefit on behalf of your employer. Express Scripts is dedicated to helping patients access affordable prescription drugs safely and efficiently. Each year, as a leading pharmacy benefits manager, Express Scripts saves approximately \$32 billion for the nearly 187 million Americans and thousands of clients we serve. We're here to give you better, simpler, ways to manage your medication and your health.

## **FIRST CHOICE BY SELECT HEALTH SOUTH CAROLINA**

First Choice by Select Health of South Carolina is the oldest and largest Medicaid plan in the state. Our mission is to help people get care, stay well and build healthy communities.

## **FULCRUM RISK SOLUTIONS**

For over 20 years we've been advising and protecting the members of the SCMA and the medical community. We protect the health and wellness of your people through our Life and Health division. We protect your business practice from all external threats through our property casualty division. We protect your personal assets and way of life through our personal lines division. Because we are owned by the SCMA and managed by Physicians, our team has a unique and intimate understanding of the specialized needs of our Physicians.

## **HEALTHLINKS MARKETING**

HealthLinks Marketing is a trusted leader in healthcare strategic marketing, fueled by a passion for disruptive innovation and measurable results. We marry art and science with unparalleled creativity and branding that accurately reflects the quality care you deliver.

## **INTEGRAL LEADERS IN HEALTH**

Integral Leaders in Health is a public-benefit corporation (PBC) created by healthcare leaders to address South Carolina's Medical Care Crisis.

## **MAGMUTUAL**

For nearly four decades, MagMutual has been a leading provider of medical professional liability insurance. Today, we deliver comprehensive coverage for the practice, business and regulation of medicine to more than 30,000 healthcare providers and organizations nationwide. Our focus on innovation enables us to provide exceptional service, extensive support and financial benefits that result in improved outcomes and stronger PolicyOwners™.

## **MOLINA HEALTHCARE**

Molina Healthcare of SC is a managed care organization committed to delivering quality care for over 40 years to those who need it most. MHSC serves Medicaid, Medicare, Dual Eligible (MMP) and the Marketplace populations.

## **MUSC COLLEGE OF MEDICINE**

The Medical University of South Carolina's College of Medicine is leading the way in all areas of the MUSC mission — medical education, patient care, and biomedical research — at our main campus in downtown Charleston and across the state. The largest and oldest academic medical center in South Carolina, we serve a diverse group of more than 740 medical students, 850 trainees in residency and fellowship programs, and patients throughout our state and beyond. The College is home to a robust basic, clinical and translational research enterprise, with more than \$250 million in extramural research funding awarded in the last year.

## **PREMIER HEALTH**

Premier Health is a management service organization predominantly focused on revenue cycle billing and Athena EMR.

## **PRISMA HEALTH**

With nearly 30,000 team members, 18 hospitals, 2,984 beds and more than 300 physician practice sites, Prisma Health serves more than 1.2 million unique patients annually. Its goal is to improve the health of all South Carolinians by enhancing clinical quality, the patient experience and access to affordable care, as well as conducting clinical research and training the next generation of medical professionals. For more information, visit [www.PrismaHealth.org](http://www.PrismaHealth.org).

## **PFIZER VACCINES**

Breakthroughs that Change Patients Lives: Our purpose is why we exist as a company: breakthroughs that change patients' lives. It inspires every action we take and reflects our commitment to putting patients at the center of it all. It gives meaning to our work and a tangible objective to measure it against. Each word in our purpose represents a critical aspect of the overall role we play for patients and society. Pfizer's Ambition: Change A Billion Lives a Year. Our ambition is a clear articulation of the impact we strive to make on the world through a commitment to our purpose. It sets a bold and measurable yardstick for us to meet by the year 2027 and reminds everyone at Pfizer to think big in the pursuit of breakthrough results.

## **PROASSURANCE**

ProAssurance is an industry-leading medical professional liability insurer that helps protect healthcare providers from malpractice claims. ProAssurance Group is rated "A" (Excellent) by AM Best.

## **SOUTH CAROLINA AREA HEALTH EDUCATION CONSORTIUM (AHEC)**

The South Carolina Area Health Education Consortium (AHEC) builds and supports the healthcare workforce South Carolina needs through a focus on recruiting, retaining, and educating healthcare professionals.

## **SOUTH CAROLINA MEDICAL ASSOCIATION ALLIANCE**

The South Carolina Medical Association Alliance (SCMAA) is a registered 501(c)(3) nonprofit organization comprised of physician spouses who educate, advocate, and provide charitable support for the family of medicine.

## **SOUTH CAROLINA MEDICAL ASSOCIATION MEMBERS' INSURANCE TRUST**

SCMA Members' Insurance Trust is a health and dental plan designed for SCMA members, their staff, and families. We provide numerous plan options that include unique benefits not commonly found on the open market.

## **SOUTH CAROLINA MEDICAL ASSOCIATION PRACTICE INNOVATIONS**

PCMH provides free coaching and consulting services to primary care physician practices that wish to be recognized by NCQA as a Patient-Centered Medical Home.

## **SOUTH CAROLINA TOBACCO QUITLINE**

The SC Tobacco Quitline provides free one-on-one counseling from certified Quit Coaches to help people ages 13 and up quit using tobacco. It doesn't matter if you vape, smoke, dip, or chew—the SC Tobacco Quitline can help you quit for keeps.

## **TAX CREDIT MARKETPLACE**

Tax Credit Marketplace provides a comprehensive marketplace that connects accredited investors with opportunities to invest in tax credits within various sectors, including historic preservation, renewable energy, and economic development. We offer a streamlined process for investors to research, evaluate, and invest in tax credits that align with their investment goals and objectives. We serve a variety of investors from individuals to corporations and from insurance companies to banks. While only accredited investors are eligible to invest in tax credits, we aim to help these investors achieve their goals in tax savings.

## **VCOM – CAROLINAS**

The Edward Via College of Osteopathic Medicine (VCOM) prepares globally minded, community-focused physicians to meet the needs of rural and medically underserved populations and promote research to improve human health. VCOM strives to recruit, retain, and graduate students who will address health care disparities including those related to rural locations, minority populations, poverty status, and primary care. We Are One College With Four Locations: Blacksburg, VA; Spartanburg, SC; Auburn, AL, and Monroe, LA. Established in 2011, VCOM-Carolinas has an enrollment of 628 student and 1,069 alumni.

## **WE ARE SHARING HOPE SC**

We Are Sharing Hope SC (SHSC) is South Carolina's federally designated, nonprofit organ procurement organization (OPO) which facilitates the gift of organ and tissue donation across the state. Together we inspire our community, offer hope and change lives through the gift of organ, eye and tissue donation.

## **WESTFIELD**

Founded in 1848, Westfield is a global leader in property and casualty insurance, delivering superior risk insights and innovative solutions to customers through a diverse portfolio of insurance products. Westfield underwrites commercial, personal, surety, and specialty lines of coverage through a network of leading independent agents and brokers in the United States and specialty products through Lloyd's of London Syndicate 1200. As a mutual insurance company with more than 3,000 employees, Westfield has revenues in excess of \$4 billion and more than \$10 billion in assets. Learn more at [www.westfieldinsurance.com](http://www.westfieldinsurance.com).
